

The background image shows an art installation by Fernando Bañuls. It features a wooden pallet structure with various objects placed on it. On the left, a small wooden board holds several thin, horizontal sticks with colorful paint splatters. Below this, there's a piece of wood with dark, tangled, fibrous material. In the center, a white cylindrical object with a brown band is positioned next to a small wooden block. To the right, a book titled 'Fernando Pessoa Libro del desasosiego' is visible. The overall aesthetic is rustic and minimalist.
