

Name: Teresa Soto Pino

Academic background:

1993- *Graduated in Biological Sciences*. Murcia University. Spain.

1996- *Master in Biological Sciences*. Murcia University. Spain.

1997- *PhD in Biological Sciences*. Department of Genetics and Microbiology. Murcia University. Spain.

Research & teaching positions:

1998- *Postdoctoral stay*. Yeast Genetics Division. National Institute for Medical Research. Mill Hill. Londres (UK).

1999- *Postdoctoral stay*. Yeast Genetics Division. National Institute for Medical Research. Mill Hill. Londres (UK).

1999-2003: *Assistant Professor of Microbiology*. Department of Genetics and Microbiology. Murcia University. Spain.

2004-...: *Associate Professor of Microbiology*. Department of Genetics and Microbiology. Murcia University. Spain.

Current research interests:

i- Stress cellular response and MAPK-signaling in fission yeast. SAPK and CIP characterization in *S. pombe*.

ii- Microbial adaptation and cellular resistance to stress conditions.
