Si cuando entramos en Eikon la página principal no está visible, clicar en + situado a la derecha de la casilla de búsqueda

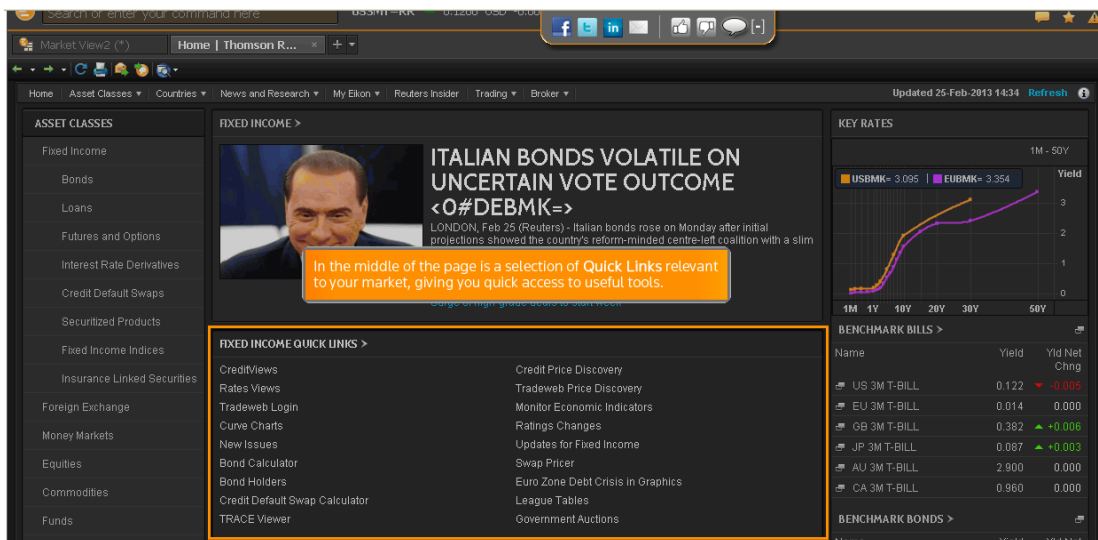

Podemos customizar nuestra pantalla para dar relevancia a nuestra información más importante.

Seleccionamos la noticia que nos interesa y luego clicamos **Related** para ver las citas y enlaces

Clicamos el icono de retorno para volver a la página principal

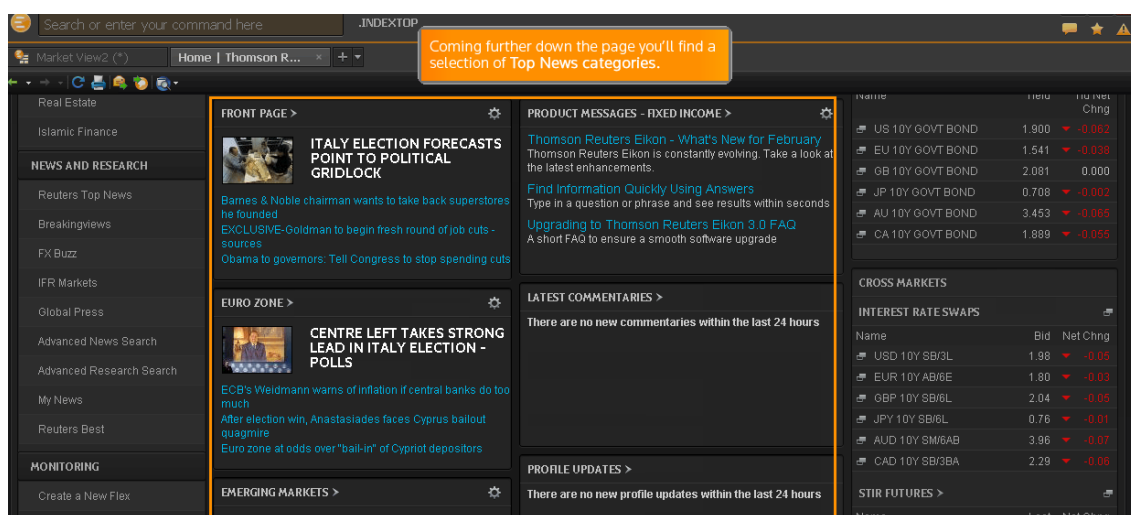

En el centro de la página encontramos los enlaces más relevantes y rápidos para ir a las herramientas más útiles para el mercado

Al final de la página encontramos una selección de las mejores noticias por categorías.

Clicamos en el **icono de engranaje** para cambiar el contenido que aparece en las noticias de interés

Podemos elegir en el desplegable las categorías que queremos que aparezcan en primer lugar

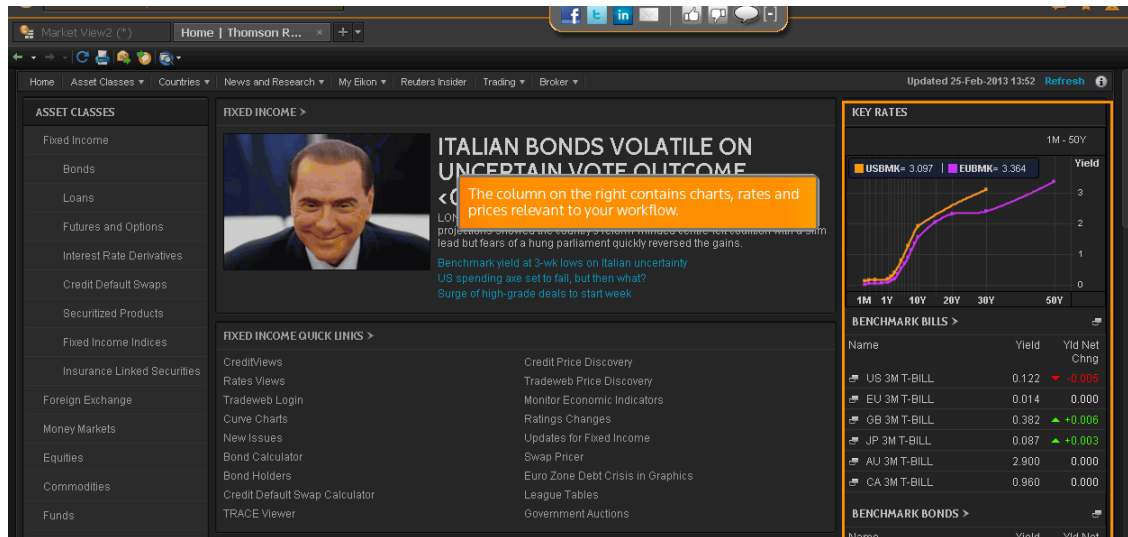

Haremos lo mismo en cada una de ellas. Elegimos la categoría y clicamos a **Save**.

Asset Class nos muestra la siguiente información

La columna de la derecha contiene gráficas, tasas y precios relevantes. La gráfica muestra los datos por hora en función del perfil requerido.

Si nos desplazamos hacia abajo veremos los datos clave para otros activos, precios de materias primas, índices de renta variable, etc.

Por ejemplo, si clicamos en **Benchmark** veremos información detallada

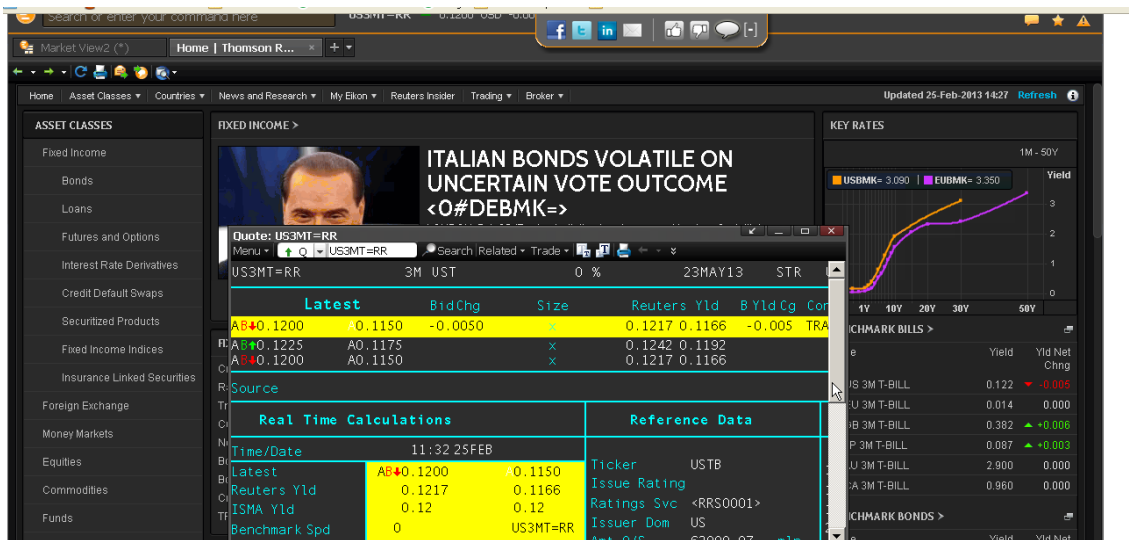

The screenshot shows the Thomson Reuters Market View2 interface. The main content area features a news article titled "ITALIAN BONDS VOLATILE ON UNCERTAIN VOTE OUTCOME" with a sub-headline "<O#DEBMK=>". The article text mentions that Italian bonds rose on Monday after initial projections showed the country's reform-minded centre-left coalition with a slim lead but fears of a hung parliament quickly reversed the gains. A callout box points to the article with the text: "Click any Benchmark to view detailed information." To the right, there is a "KEY RATES" section with a line chart showing yields for US and EU benchmarks across various maturities (1M, 1Y, 10Y, 20Y, 30Y, 50Y). Below the chart is a table of "BENCHMARK BILLS" with columns for Name, Yield, and Yld Net Chng.

Name	Yield	Yld Net Chng
US 3M T-BILL	0.122	-0.005
EU 3M T-BILL	0.014	0.000
GB 3M T-BILL	0.382	+0.006
JP 3M T-BILL	0.087	+0.003
AU 3M T-BILL	2.900	0.000
CA 3M T-BILL	0.960	0.000

Si clicamos **Real-Time**, veremos los datos a tiempo real

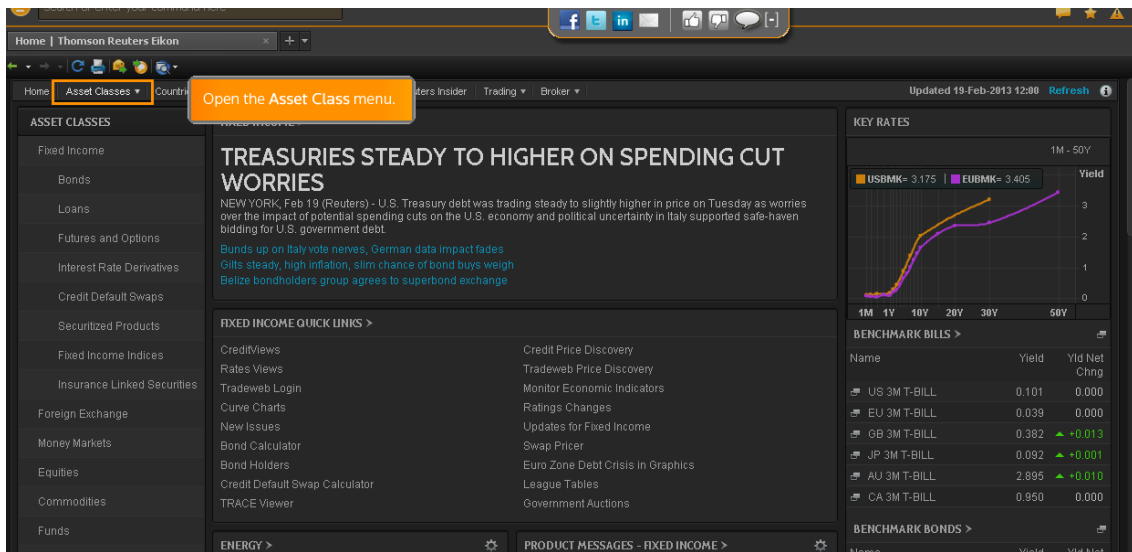

This screenshot is identical to the one above, but with a callout box pointing to the "View Real-Time" icon in the "BENCHMARK BILLS" table. The callout text reads: "Or click the View Real-Time icon to view real-time data in a pop-up window." The "View Real-Time" icon is a small square with a play button symbol.

The screenshot shows the Thomson Reuters Eikon interface for News and Research. A callout box with an orange background and white text points to the 'Reuters Top News' button in the 'News and Research' menu, stating: 'Select Reuters Top News to display the News front page.' The main content area displays a news article titled 'FED'S PIANALTO FLOATS REDUCING ASSET BUYING THIS YEAR' with a sub-headline 'NEW YORK, Feb 15 (Reuters) - It would be wise to reduce the Federal Reserve's level of asset purchases before year end if the economy continues to improve, a top U.S. central bank policymaker said on Friday.' The article includes a small image of a man in a suit and a link to 'Bond yields up on consumer sentiment, budget talks eyed'. The right side of the interface shows a 'KEY RATES' section with a line chart for 'USD8Mk - NaN' and 'EUBMK - 2.314' and a table of 'BENCHMARK BILLS' with columns for Name, Yield, and Yld Net Chng.

Editors Picks ofrece análisis y opiniones expertas

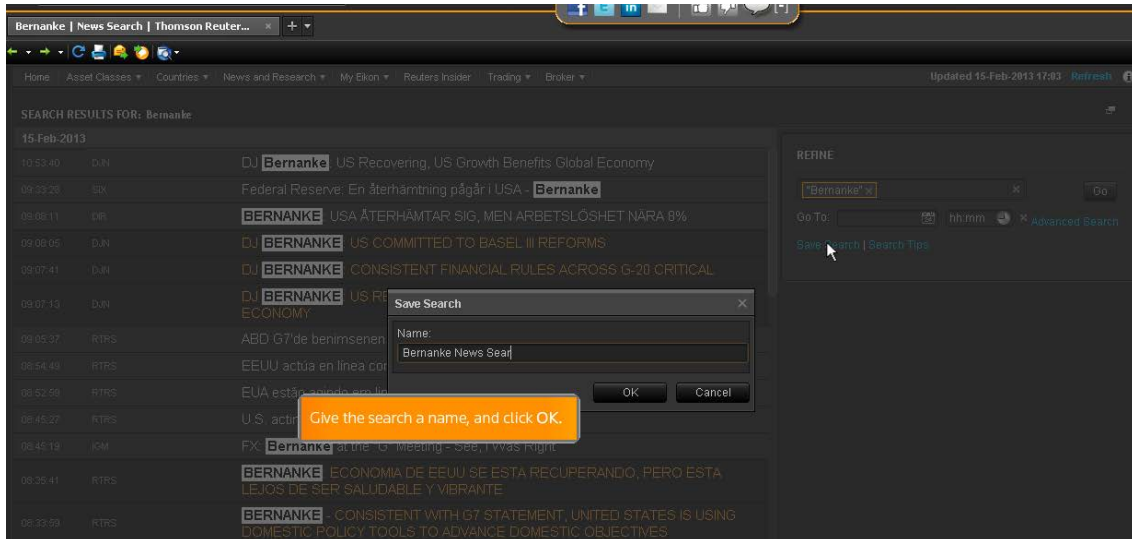

The screenshot shows a news article titled "G20 SET TO DILUTE BIG POWERS' DEMANDS ON CURRENCIES" dated 15-Feb-2013 15:18. The article text discusses a G20 communiqué and mentions that Japan will disregard a call from G7 powers to refrain from using economic policy to target exchange rates. An orange callout box with a white border points to the "EDITORS PICKS" section in the right-hand "Related" menu. The callout text reads: "The Editors Picks in the Related menu display related analysis, breaking views, and opinion pieces from Thomson Reuters experts." The "EDITORS PICKS" section lists several items, including "G20 draft omits G7 reference to economic policy aims" and "U.S. acting in line with G7 stance - Fed's Bernanke".

Si queremos buscar alguna noticia específica, introduciremos en **News-Search News** nuestra búsqueda

También podemos utilizar para buscar el código ISIN que encontramos en la columna de resultados y que nos llevará directamente a la compañía correspondiente, por ejemplo con este ISIN nos lleva a Vodafone

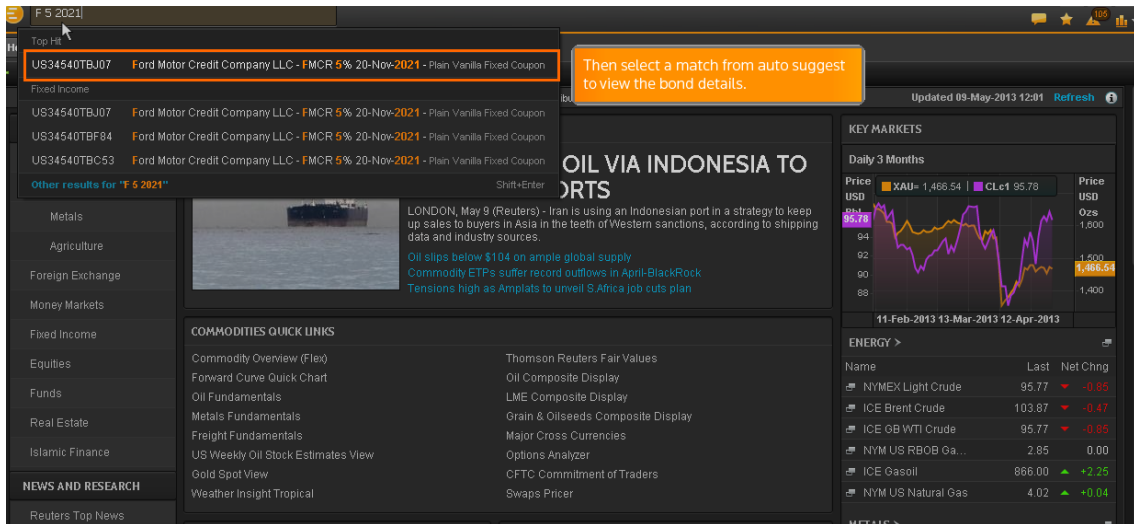

The screenshot shows the 'OVERVIEW' page for Vodafone Group PLC. An orange callout box states: 'The search instantly identifies the code as the ISIN code for the Vodafone Group, and displays the Company Overview page.' The page includes a price chart, a 5-day OHLC chart, and a summary table of key financial metrics.

Para buscar otra información como por ejemplo bonos, por ejemplo Ford 5%, haremos lo siguiente:

Escribimos **F 5** en **Search** y nos ofrece un listado de sugerencias y podemos refinar la búsqueda, por ejemplo, añadiendo el año de vencimiento, por ejemplo 2021

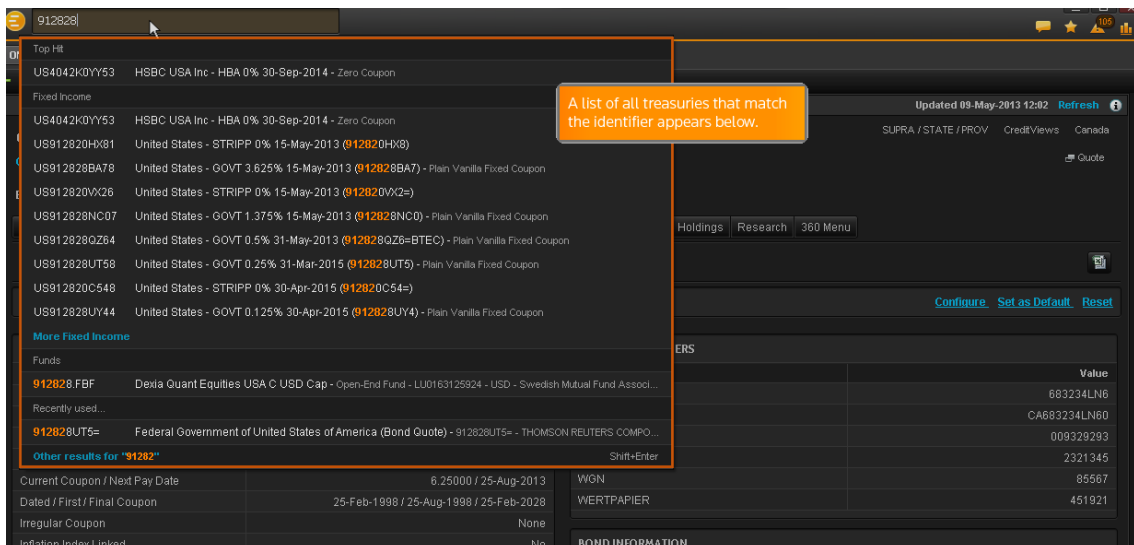

F 5 2021, siempre dejando un espacio entre ellos

Podemos encontrar más información buscando por nombre de editor, como por ejemplo Ontario 6,25 y refinando la búsqueda añadiendo fin de fecha 2028

Podemos introducir directamente el código **ISIN** o **CUSIP**

Por ejemplo introducimos 912828 para US Treasuries, elegimos del desplegable y añadimos, por ejemplo el precio

Por ejemplo US912828BA (que hemos elegido de la lista de sugerencias) price y volvemos a escoger de la lista de sugerencias que nos ofrece

Then open a quote for the selected instrument.

Podemos encontrar definiciones y la forma Excel

The screenshot shows the Eikon Answers interface. A search for "Microsoft revenues" has been performed. The main content area displays the definition for "Revenue [COA:SREV]". A callout box points to an information icon next to the fundamental name, stating: "The i icon next to the fundamental name in the title provides relevant information about the fundamental measure in a pop up window." The definition explains that Revenue [SREV] is used for industrial and utility companies and is computed by Thomson Reuters. It lists components for industrial companies (Net Sales [RNTS], Gross Revenue [RREV], Sales Returns and Allowances [RSRT], Excise Taxes Receipts [REXT]) and utility companies (Electric Operations [REOP], Gas Operations [RGOO], Water Operations [RWAT], Steam Operations [RROP], Other Utility Revenue [ROUR], Excise Taxes Receipts [REXT]). A bar chart shows Revenue, Revenue Estimate (bil, USD) for 2015, 2016, and 2017. The right sidebar contains search suggestions and a "Refresh" button.

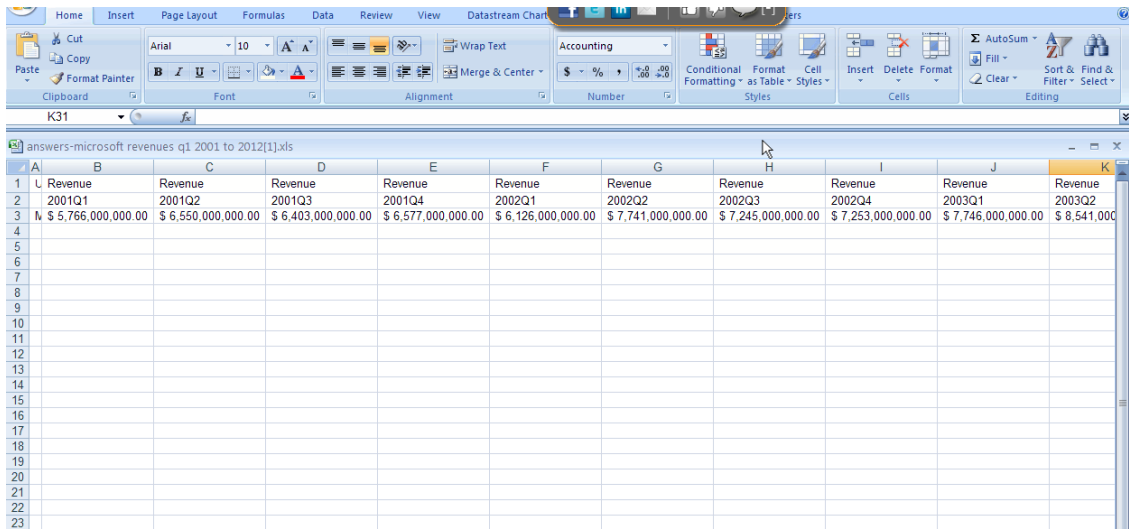

Podemos añadir un periodo determinado añadiendo: Microsof Revenues Q1 2001 to Q1 2012

The screenshot shows the Eikon Answers interface with a search for "Microsof Revenues Q1 2001 to Q1 2012". A callout box states: "Eikon Answers responds showing us the exact information we are looking for." The main content area displays a table with the following data:

Company	Market Measure	End	Start	Change	
MSFT.O	Microsoft Corp	Revenue	\$18.06 bil	\$5.77 bil	\$12.29 bil USD, 30-Jun-2012, Q4 2012
MSFT.O	Microsoft Corp	Revenue Estimate	\$18.13 bil	\$5.71 bil	\$12.41 bil USD, 19-Jul-2012, Q4 2012

Below the table is a bar chart titled "MSFT.O Revenue" and "MSFT.O Revenue Estimate" showing quarterly data from 2001 to 2012. The right sidebar contains search suggestions and a "Refresh" button.
