

NOMBRES COMUNES EN QUÍMICA ORGÁNICA

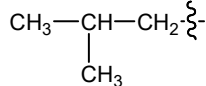

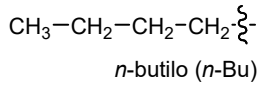

isopropilo (*i*-Pr)

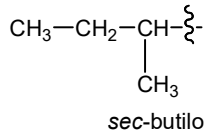

bencilo (Bn)

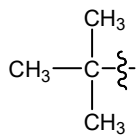

fenilo (Ph)

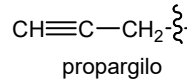

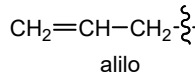

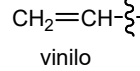

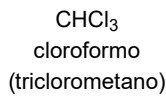

isobutilo (*i*-Bu)

sec-butilo

terc-butilo (*t*-Bu)

furano

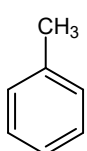

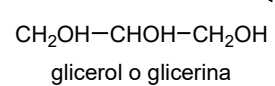

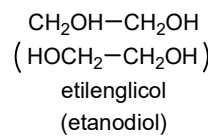

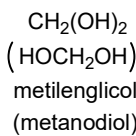

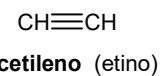

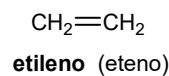

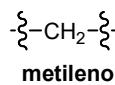

tiofeno

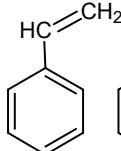

pirrol

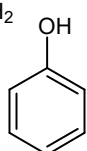

piridina

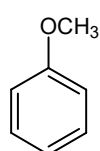

tolueno

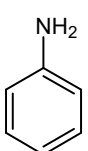

estireno

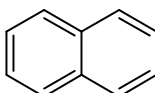

fenol

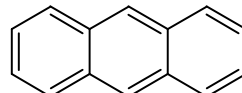

anisol

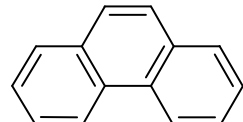

anilina

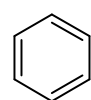

naftaleno

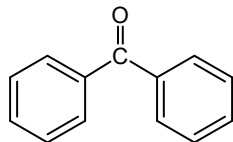

antraceno

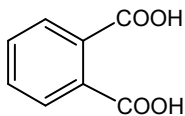

fenantreno

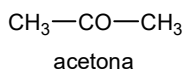

benceno

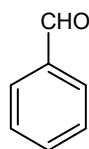

benzofenona

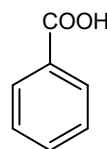

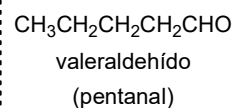

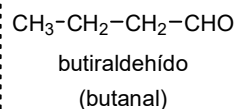

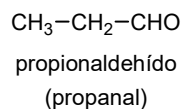

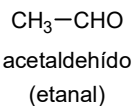

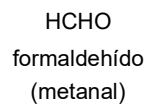

ácido ftálico

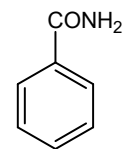

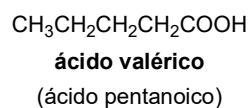

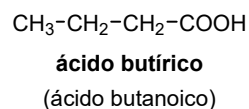

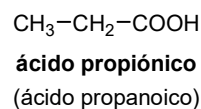

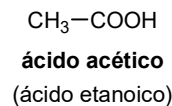

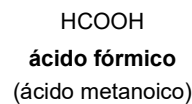

acetona

benzaldehído

ácido benzoico

benzamida
