

## Summary of main agreements adopted in the kick-off meeting of MobiAbility

### OB1.1. Law review

- Agreement 1 (see document):
  - o Countries selected by objective representation in the Erasmus programme
  - o Responsible partner of each selected country
- Agreement 2 (see document):
  - o Areas of interest
  - o UMU will propose a guide to develop the legal analysis (deadline 15<sup>th</sup> Feb). It will be discussed by all partners. Final document on 28th Feb.
  - o Conducting the analyses of selected countries (see agreement 1): deadline, 31th May.
  - o **NEW proposal: in order to check if the guide really works and fits to the objectives, we propose that FONCE, MU, PL y AUIC review one of the assigned countries and give feed-back before 24<sup>th</sup> March.**

### OB1.2. Survey

- Agreement 3 (see document):
  - o Objective: More common and uncommon support measures
  - o Areas of interests (see agreement 2)
  - o UMU will propose a draft. It will be discussed by all partners. Final document on 28th Feb.
  - o Population and sampling
  - o **NEW proposal: No sampling. We consider that we must deliver the online survey to all universities. In a second phase, when appropriate, we will send a reminder to those universities of special interest (those with a high number of Erasmus students with or without disabilities)**
  - o Results: Deadline, 15th July

### OB1.4. Main features of the database and web platform

- Agreement 4 (analyzed document: Proposal 4). Proposal 4 is too general. UMU will send to PL a description of the database and web as detailed as possible. That proposal will be then sent to the rest of partners for feedback. The revised document will be then evaluated by a focus group of around 10 universities (May 2017) to test interests and possible improvements. Final specifications (users, information, interfaces, functions and activities, and languages) must be done on December 2017.

**Approximate dates for videoconference follow-up meetings**

- Agreement 5 (see document)

**Internal Quality assurance: objective indicators and satisfaction assessment**

- Agreement 6 (see document)
- FONCE, MU, PL, CERMI-RM and FU have to appoint one representative

**Logo**

- Agreement 7 (see document)

**Multiplier event**

- To be hold in Murcia 2018 or 2019, coinciding with SAPDU (Spanish University Network of Support Services for Disability)
- UMU is waiting for confirmation from SAPDU

**Online platform for work teams, internal documentary repository and communications**

- Sakai UMU platform at <https://:aulavirtual.um.es>
- Non UMU users, here: <https://aulavirtual.um.es/portal/xlogin>
- Spanish DNI or passport number (a copy of the document is not required, just the number) must be sent to [maperez@um.es](mailto:maperez@um.es) for log in with all privileges
